Terms & Conditions

Intellectual Property: The intellectual property of this catalogue is assigned to all countries of the world. Reproduction, full and/or partial adaptation of it’s content (content, images, diagrams, icons, specifications, tables etc.) by any means without prior written permission from GROZ entails a violation of GROZ ENGINEERING TOOL’s copyrights and constitutes an act of unfair competition.

Technical Data: All drawings, weights, dimensions, the descriptions & illustrations contained in the company’s catalogues are only approximate and intended merely to give a general description of the goods described therein.

Specifications: The information contained in this catalogue is as accurate as possible and compiles, as far as possible with existing regulations at the time of it’s publication – January 2019. We therefore reserve the right to make modifications in line with modifications to regulations and/or product specifications, drawings, illustrations for continual improvement. Buyers must ensure that goods are suitable for the purpose intended. Imperial dimensions shown as equivalents to metric and vice-versa are approximate.

Delay in Delivery: Delay in completion of work, delivery or in case of a contract for delivery by installments, delay in delivery of an installment shall not give rise to any liability upon the company whether or not any time of date is given in this respect and shall not entitle the customer to terminate the contract.

Liability: All goods are guaranteed to do the work for which they are designed. If the goods or any part thereof are defective solely as a result of faulty materials or workmanship of the company, the company’s liability shall be limited, at it’s discretion either to replacing such goods or the defective parts. But no such liability shall arise unless notification of any defect is received by the company in writing within 90 days from the receipt of goods by the buyer and the allegedly defective goods are thereafter returned to the company carriage paid with appropriate pre-notification.

Indemnity: The customer shall indemnify the company against all claims in respect of any loss, injury or damage sustained by a third party arising from the sales of the goods to the buyer how so ever caused and also against all actions, proceedings, costs, claims, demands and expenses made, brought or claimed against the company in respect of the infringement of any patent, trademark or registered design.
12W LED Floodlight

4 Powerful LED’s of 3W each

Light Output
High quality output of 840 lumen with a spread of 60° over a distance up to 60 meter

Weather Proof Construction
a. IP67 Rated
   Protected against dust and effects of water immersion up to 1 meter
b. Corrosion resistant aluminium die cast construction in premium powder coated finish
c. Sturdy polycarbonate lens to withstand the toughest of job site conditions
d. Corrosion resistant stainless steel bracket

Power Source

DC POWERED
10V DC - 30V DC

Complete with 8” (200 mm) DC power cord

Ideal for Outdoor Use
Use on off-road vehicles, construction equipment, tractors, farm machinery, service vans, on mining sites etc.

FEATURES

- 840 Lumen
- -60° Beams
- IP67 Water & Dust Proof Rating
- −20°C to 45°C Operating Temperature

30W SMD Site Lamp

Powerful 28 SMD’s

Light Output
High quality output of 2100 lumen for maximum coverage of workspace

Cool Light
Finned design reduces heating up of light

Sturdy Construction
a. IP 65 Rated
   Protected against dust and effects of pressure jets from any direction
b. Corrosion resistant aluminium die-cast housing in premium powder coated finish
c. High impact polycarbonate lens to withstand harsh job site conditions
d. Complete with 4m long power cord

Easily Portable
Free standing steel stand with cushion grip and adjustable bracket makes it convenient to move light as required in the workspace

Easy Set-up and instant illumination

Power Source

AC POWERED
220V AC, 50Hz
110V AC, 60Hz

Ideal For
Use as a temporary light on construction sites, in general maintenance workshops etc.

FEATURES

60W SMD Site Lamp

2 Powerful 28 SMD lights

Light Output
High quality output of 4200 lumen for maximum coverage of workspace

Cool Light
Finned design reduces heating up of light

Sturdy Construction
a. IP 65 Rated
Protected against dust and effects of pressure jets from any direction
b. Corrosion resistant aluminium die cast housing in premium powder coated finish
c. Portable Tripod
Telescopic stand can be extended from 0.8m - 1.72m (31 - 67 inch) to light overhead work or minimise shadows when casting light downwards
d. Complete with 4m long power cord

Power Source

AC POWERED
220V AC, 50Hz
110V AC, 60Hz

Ideal For
Easy Set-up and instant illumination makes it ideal for use as a temporary light on construction sites, in general maintenance workshops etc.

Weather Proof Construction
a. IP65 Rated
   Protected against dust and effects of low pressure water jets from any direction
b. Corrosion resistant aluminium die cast construction in premium powder coated finish
c. Free standing heavy duty magnetic base
d. Sturdy polycarbonate lens to withstand the toughest of job site conditions

Power Source
LITHIUM-ION RECHARGEABLE
RECHARGEABLE BATTERY
3.7V 6600 mAh

Charging of Battery
Battery can be recharged using USB cable provided with the light.

Charge Time
8 hours

Ideal For Portable Working
In maintenance, building, construction, mining jobs etc.

FEATURES
MAX. LUMEN | BEAM ANGLE | BEAM DISTANCE | WATER & DUST PROOF RATING
1000 | 60° | 10 M | IP65

**Cool Light**
Finned design reduces heating up of light

**Sturdy Construction**
- **IP 54 Rated**
  Protected against dust and effects of water spray from any direction
- **IK 07 Rated**
  Impact-proof construction
- **Corrosion resistant aluminium die cast housing in premium powder coated finish**
- **Rubberised edge guards make the light resistant to shocks and vibrations – common in any working environment**

**Versatile Use**
Can be used as:
- Free standing worklight with mounting bracket
- On magnetic base - removable magnetic base can be attached onto any metallic surface leaving both hands free
- On tripod stand – to light overhead work or minimise shadows when directing the light downwards.

**Charge Your Phone**
Rechargeable and removable battery pack also doubles as a power bank

Easy Set-up and instant illumination makes it ideal for use as a temporary light on construction sites, in general maintenance workshops etc.

**Charge Time**
3 hours

Multi-function, powerful worklight & top torch

COB Worklight
Featuring COB technology the worklight delivers extremely high output with uniform and even illumination.

Top Torch is powered by 3W LED.

Light Output
High quality output, both as a worklight & top torch.

Smart design ensures user-controlled output. Adjust light intensity of worklight and top torch by pressing on the increase (+) or decrease (-) buttons.

Built-in memory function starts the light at the same intensity as when it was switched off.

Durable Construction
a. Impact proof & water resistant ABS body with rubber coating.
b. 360° rotating hook to suspend light leaving both hands free.
c. Integrated pocket/belt clip to conveniently store and carry light wherever you go. Clip also has a magnet to attach light to any metallic surface.
d. Swivelling Stand: Can be rotated full 180° to position light as needed.

Hands Free Operation
a. Swivelling stand with super strong magnets to position light on any metallic surface.
b. Magnet on clip can also be used to affix light on any metal surface.

Power Source
LITHIUM RECHARGEABLE BATTERY 3.7V 2000 mAh

Charging of Battery
Battery can be recharged using a micro USB cable provided with the light. Micro USB port is protected by rubber bezel.

Charge Time
2.5 hours (indicated via LED display). Charge display via 5 LED's, each showing 20% charge.

Charge You Mobile Device
USB output port for use as power bank.

Pocket sized, rechargeable high quality flashlight for the professional user

5W SMD Flashlight

Light Output
High quality flooding beam adjustable to a maximum of 500 lumens

- **STEP 1**: Press On/Off to switch on the light
- **STEP 2**: Press On/Off again & hold to adjust light intensity between 50-500 lumens

Unique 'Lock-Out' Transport Lock Feature
No more accidental switching on, no more wastage of battery power

Light can be switched off and locked before keeping in the pocket. Press & hold light switch until the light blinks twice to activate 'Lock Out' mode. A very useful feature when carrying light in a pocket

Built-in memory function:
Starts light at the same intensity as when it was switched off

Robust Construction
a. Corrosion resistant aluminium alloy construction
b. Pocket clip for convenient and safe portability
c. Integrated hook for hanging light

Hands Free Use
Magnetic base makes it easy to mount light on any metallic surface leaving both hands free

Power Source

**RECHARGEABLE**
3.7V 1800 mAh

Charging of Battery
Battery can be recharged using built-in micro USB charging port protected by a rubber bezel

- Includes USB charging cable

**NEW!**
GROZ presents the industry’s premium line of high performance LED lights. All lights have been carefully designed and manufactured with improved light output, battery capacity, ergonomics, durability, user-friendliness and functionality. Incorporating the latest technology, these are ideal for the professional users in industry, automotive, construction, agricultural, mining, adventure and several other outdoor applications.

LED technology is amongst the fastest evolving technologies. Due to our distinctive strength in product design, manufacturing and in-house know-how we have the capability to constantly upgrade our product line and pursue new opportunities. We strive to be an active partner for our customers and users and constantly work on providing, technical know-how, marketing and service support to help sell the product.
